DIRT CHEAP

That's a remark that is often used and generally misused. But it really means nothing. For dirt isn't cheap. That is, good dirt isn't. To prove that, try to buy some of these good farms or city property. You will then agree that "Dirt Cheap" is a misleading statement. For good dirt, like everything else of value, is worth money. We just wanted to say that our Quality Coal isn't the cheapest Coal on the market. Yet it is Dirt Cheap. It's Valuable Stuff and like Good Dirt it costs, but it's worth the money. Cheap Dirty Coal, like cheap Dirt isn't. Get your money's worth. Get Quality Coal.

CLOTHES DAY OCTOBER 18

Monday, October 18, has been designated by the United Charities as Clothes Day. On that day a number of ladies will go over the city to gather up all the clothing that may be donated for charity purposes. A statement issued by the charity association says:

"We need clothing of all kinds, but especially for children, and we trust that everybody will be as liberal as possible. Put the clothing in a bundle, mark it 'charity,' and leave it on the front porch or in any other convenient place, where it can be seen and we will call for it."

Rise of Texas. Texas, which in 1850 stood twelfth in rank, is now the seventh state in the American Union in point of wealth. It is first in point of size and fifth in population, and its railroads are of higher value than those of any other state.

Stole Pie Fifty Years Ago. W. B. Gor of Barney returned from the Confederate reunion at Richmond bitterly disappointed because he could not find the woman he stole a pie from 50 years ago when he was with the Confederate army in that city.

He carries a deep scar on his hand as a memento of the lady's resentment over the loss of the pie. After an all-night march the troops of which Mr. Gorito was one were being hurried through Richmond without time for breakfast. This woman had pies displayed on a window ledge and Mr. Gorito grabbed one. The woman made a swipe at him with a butcher knife and cut his hand, but he held on to the pie. The next soldier who tried to grab a pie got his fingers almost cut off. Mr. Gorito says that pie saved his life.

Delicious Wild Strawberry. Speaking of the beautiful-flowered toothsome-fruited wild strawberry (sask. Walton, the patient fisherman, is said to have declared: "Doubtless God could have made a better berry, but doubtless he never did." And those who have tasted the wild strawberry will agree that cultivation has added nothing to its flavor, however it may have increased the size. The duke of Gloucester, who became Richard II, had a weakness for the wild strawberry. It is said that in 1483, as certain great lords were sitting in council arranging for his coronation, the duke came in and, "saluting courteously, said to the bishop of Ely: 'My lord, you have verie good strawberries in your garden at Holbourne; I require you to let me have a mess of them.'"

Told of Quay. Clifford Berryman, the Washington Star cartoonist, according to Cartoons Magazine, tells the following story on himself.

"Many years ago, when I had been in Washington only a short time, and had a 'kid's' propensity for asking questions, I said to the late Senator Quay of Pennsylvania: 'Senator, how is it that you have kept your seat in the senate so long, when there are so many other able and brilliant men from your state who must covet it?'"

"Young man," said Quay, "I have never kicked a friend to please an enemy."

Different in Real Life.

Another society girl has given up her task as war nurse and is coming home because, her friends say, there was too much scrubbing. In the novels one does not have to scrub when one is a nurse. Dear, no; one marries a hero or a rich man—or something.
